Nursery Mexico visit Kew Gardens

On Tuesday we went to Kew Gardens. We saw so many beautiful flowers, plants and trees from all over the world. "The trees were like giants". We enjoyed learning about the rainforest, the banana leaves were huge! Thank you to those parents who helped us.

Learning is fun in the Early Years

This is Andre – the only pupil in Pakistan Class who can catch a chicken!

Dear Parents

NEW ARRANGEMENTS FOR SUPPORTING CHILDREN AND YOUNG PEOPLE WITH SPECIAL EDUCATIONAL NEEDS AND DISABILITIES

This September we're making changes to the law for children and young people with special educational needs and disabilities. The new law will result in changes to the way you and your child receive support from your local council, health and social care services and your child's nursery, school or college. I therefore wanted to write to you with information about what this means for you.

A better family centred approach

Many parents have welcomed the changes the new law brings, particularly the greater focus on personal goals, increased family involvement and improved rights and protections for young people in further education and training. I know that some parents remain concerned about the changes and are nervous about the speed of change. I want to reassure you. This is not about cutting services but about creating a better system that puts you and your child first. It will take time and the changes will be gradually introduced over the next three and a half years. I can also reassure you that the current protections you and your child have will continue and, in many cases, be enhanced further.

From statements to education, health and care plans

We are replacing statements of special educational needs and Learning Difficulty Assessments with a single education, health and care (EHC) plan for children and young people with complex needs. The EHC plan will place much more emphasis on personal goals and will describe the support your child will receive while they are in education or training. We're also introducing personal budgets to accompany this plan to give you more control over the support you and your child receive. The amount you would be given, and how it can be spent, is something that you would agree with your council.

From School Action and School Action Plus to SEN support

For children with less complex needs but who still require help we are introducing a new system called special educational needs (SEN) support which replaces School Action and School Action Plus (and the equivalent in nurseries). It will also be available in colleges. The process will be similar but it will be less about counting the hours or resources given to your child at nursery, school or college and more about what your child has achieved as a result.
