

Northwold Primary Schools Draft Admissions Policy

Introductory Statement

Northwold Primary School is a large school for pupils aged 3-11, located near in Clapton in the London Borough of Hackney. Our school is an Amaya Trust school and we cater for 470 pupils. We are a vibrant and inclusive community, and our skilled and dedicated staff work hard to provide a wide range of educational experiences for the children in a safe and stimulating environment.

Amaya Trust is the overall admissions authority with decision making delegated to the Academy's Board.

The Amaya Trust will comply with the School Admissions Code (DfE Dec 2014) and the School Admission Appeal Code. This policy is based on the current codes but will be reviewed in the light of any future changes in the law. An Independent Appeals Panel hears any appeals from parents whose child has not been allocated a place at Northwold Primary School, and who lodges an appeal in accordance with the procedure specified by the Trust.

Pupil admission number

The Academy has an admission number of 60 pupils in Reception to Year 6 year groups. We also have 50 full time places in our Nursery.

The Academy will accordingly provide for the admission of 60 Reception to Year 6 per year group each year if sufficient applications for entry are received. Where fewer than the published admission number(s) for the relevant year groups are received, Amaya Trust will offer places to all those who have applied.

Oversubscription criteria

The oversubscription criteria are only used when it is necessary to determine who will be offered a place when a school receives more applications than there are places available.

The criteria

The following criteria will be applied to determine which pupils have priority for admission:

1. Children in care or children (LAC) will be given the highest priority for admission.
2. Children with exceptional medical needs that necessitates a place at our school. Parents will be required to submit evidence from a medical professional to support their application under this criterion. Definition of exceptional medical need: The term

exceptional medical need means that the child's health and welfare would be best served if they attended the school. Parents or guardians would need to provide

- a. medical evidence in the form of a letter or report from a doctor to support their case. They would have to establish that the school was the best or only school to serve their child's needs. They would also need to state why other schools could not provide the appropriate support for their child. They would have to establish that the school was the best or only school to service their child's needs. They would also need to state why other schools could not provide the appropriate support for their child. If parents are claiming that there are exceptional medical reasons why their child should be prioritised above other applicants, they must give reasons for this claim, which must be supported by evidence. A panel of at least three trust members from the Amaya Trust will assess that evidence.
3. Those children who have a brother or sister at the school who will still be attending when their sibling is admitted to the school. Sibling link: We accept that in some family units (one or two parents or carers and children), the children may not be natural brothers or sisters. Older children from the same family unit, living at the same family address, can be considered as a sibling link under this criterion. A sibling is your child's brother or sister (including half-brothers and sisters, stepchildren and fostered children living with the same family at the same address). Please note that cousins do not count as siblings. Checks will be made with the relevant schools that siblings do live at the same address.
4. Children of teachers in either or both of the following circumstances subject to there being no more than one teacher's child in each class:
 - a. where the teacher has been employed at the school for two years at the time of the application for (admission) and/or
 - b. the teacher has been recruited to fill a vacant post for which there is a demonstrable skills shortage.
 - c. The child will have to be living at the same address as the teacher employed on our payroll.
5. Those children who live nearest to the school. Home to school distance measurement: Distance will be calculated by the straight line measurement from the applicant's home address location to the centre point ('centroid') of the preferred school. (All measurements are subject to prepositional accuracy changes.) On entering the address into the Admissions system, the address is PAF (Postal Address File) matched against Address Point data held in the system. When an address is PAF matched, the system looks up a 6-figure grid reference (e.g. 123456, 123456) for that property known as an Address-Point Location Coordinate (APLC). Each property has a unique APLC. The straight line distance from this address point to the centroid (a 6 figure grid reference) is then calculated to the nearest 0.001 mile. The PAF file held by School Admissions is supplied by Royal Mail and is updated quarterly.
 - a. Flats/apartments: In the event of two or more children living an equal distance from the school, e.g. blocks of flats and there is only one place available, the place will be decided by random allocation (lottery).
 - b. Permanent address: The only address we can consider is the permanent home address of the child. The permanent home address is considered to be the address of the adult/s with whom the child is permanently resident. Where a child stays with another parent for part of the week, further enquiries may be made in order to determine where the child is predominantly resident.

Tiebreak Criteria

It is possible that at some stage of applying the above criteria, a school becomes oversubscribed with requests for places. In these cases, the parents who live closest to the school will be offered the remaining places.

Moving

We can only consider the parents' address at the time of the allocation process. An intention to change address cannot be considered until such a move has actually taken place and proof is available to substantiate the change of address. Parents must notify the Admission Authority and provide proof of the new address, such as a copy of a signed tenancy agreement, or a utility or Council Tax bill, if they move house before the offer date. The last date by which exceptional changes can be made is 15 February in the year of admission.

Fraudulent information

We will take strong action and the school place offered may be withdrawn if a false address is given or one where the child is not actually living when s/he is not at school.

Children who attend a school nursery

Attending the nursery at Northwold Primary School does not guarantee admission. It does not give a child any guarantee or priority for admission to the reception class. If your child attends the nursery, you must make a separate application for admission to the reception class along with all other parents

Waiting List Procedure

Waiting lists will be maintained for the Academy for children not offered a school place. Position on the list will be determined by applying the over-subscription criteria. Positions on the waiting list may change due to new or late applications where these have a higher priority based on the oversubscription criteria. The waiting list will be adjusted to take account of late or in-year applications. Names will be removed from the lists if requested or if the offer of a place that becomes available is not accepted

Late Applications

Late applications are considered as detailed in the Trust's co-ordinated and in-year admissions scheme.

Management of Applications

Applications will align to the Local Authority's timetable for applications each year.

Independent Appeals Panel Procedure

Any parent/carer whose child is not offered a place at Northwold Primary School has the right of appeal to an Independent Appeals Panel. Information on how to appeal will be provided with the result of the application.
